

TWIN DRUM

200L

The Twin Drum is a high-quality, reusable, double-walled drum with UN and DOT approval. That makes it capable for handling of high-purity liquids in chemical, pharmaceutical and semiconductor industries.

Benefits

- Very low content of trace metals and particles in the inner liner – semiconductor grade < 100 ppt
- Traceability identification label
- All-round protection against environmental influences
- Double L-Ring, for high stability and easier handling
- High vapor pressure
- Minimal residual liquid
- UN and DOT approved X Packaging Group I, 320kpa tested
- Doppie walled design – secondary containment
- Specially designed for Nitric Acid
- Recyclable

Maximum safety with RIKUTEC-Solutions

Accessories

1 Universal Key

2 Dip tube S62x5

- available with compensator for better chemical dispensing
- key-coded system

3 Dispensing head

- Availability of simultaneously filling and extraction
