

HEAVY DUTY DRUM

200L

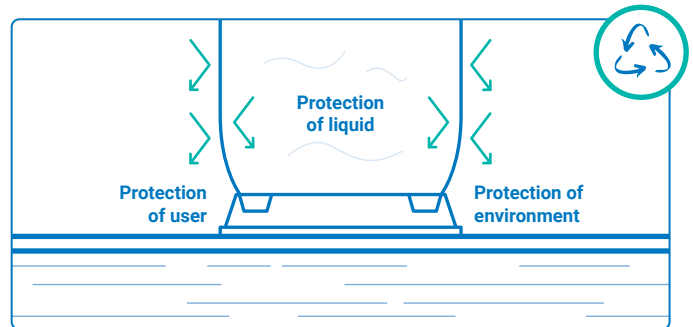

The UC Heavy Duty Drum is a high-quality and reusable drum with UN approval especially for ammonia. That makes it capable for handling of high-purity liquids in chemical, pharmaceutical and semiconductor industries.

Benefits

- Very low content of trace metals and particles in the inner liner – semiconductor grade < 100 ppt
- Traceability identification label
- Double L-Ring, for high stability and easier handling
- High vapor pressure
- Minimal residual liquid
- UN approved Y Packaging Group II, 300 kpa tested
- Heavy version specifically developed for ammonia
- Recyclable

Maximum safety with RIKUTEC-Solutions

Accessories

1 Universal Key

2 Dip tube S62x5

- available with compensator for better chemical dispensing
- key-coded system

+

3 Dispensing head

- Availability of simultaneously filling and extraction
